

Investing for Success

Under this agreement for 2022

Walkamin State School will receive

\$25,077

This funding will be used to

Our targets are:

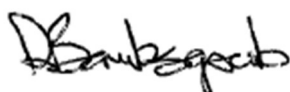

- Improved A-E data
- 100% of students progressing on the literacy continuum
- All students reaching NMS for reading and spelling or be on an ICP

Our initiatives include

- Synthetic Phonics reading program with lessons developed for ability groups
- Build staff capability to effectively utilise pedagogical practices to engage students in reading and version 8 Australian curriculum
- Provide support and resources for teachers and staff to collaborate, develop and enact high yield pedagogical practices

Our school will improve student outcomes by

- Continue to employ a teacher aide to support teacher with the pedagogy of reading and to ensure all students are moving on the literacy continuum
- Release time for staff to continue to plan and develop reading goals through synthetic phonics program around engaging students who are not meeting reading targets
